

Advantic WT10

is a four-seater glass-carbon fiber sport aircraft and bigger brother of world famous Dynamic WT9.

This aircraft with LOW OPERATING COSTS is ideal for families, aero clubs, business traveling, aviation tourism, towing. Enjoy flying with even more friends on board. Build your own aircraft under your individual skills and abilities.

We offer Advantic WT10 as a KIT concept designed with engine Rotax 914 and MT hydraulic controlled propeller.

You can find further information about customization of a KIT at your local dealer.
